Rovinj

364,900 €
9,122 €/m^2

The Istrian region is considered one of the most suitable regions for living, and offers many natural beauties supported by a warm Mediterranean climate and a very friendly local population. In the west of the Istrian peninsula is a small ancient Roman town called Rovinj. Rovinj is rich in its heritage and old Roman infrastructures and legacies that give it a special atmosphere when enjoying this beautiful city, which is a leading tourist destination in Croatia.

In Rovinj, in a very attractive and peaceful location, there is a plot of land measuring 1,258 m^2 with a built-up farm building measuring 40 m^2, which is built of concrete blocks and covered

with salonite slabs with wooden beams. The plot is of regular rectangular shape with neat access from the public road and electricity and water connections. The plot is also fenced with stone and there are about 10 planted olive trees and a water well on it.

The mentioned real estate represents a very interesting opportunity considering the existing commercial building, very quiet location, proximity to the sea as well as the spaciousness of the plot itself, thus offering the future owner the opportunity to enjoy it.
