

The quality of construction and equipment raises the level of living:

- air conditioners in all rooms and living room
- electric underfloor heating in the living room, kitchen, dining room, hallway and bathroom
- laminate flooring in the bedrooms
- ceramic tiles in other rooms
- electric roller shutters on the glass wall in the living room

The apartment comes with a storage room and its own parking space, which further emphasizes the practicality and comfort of everyday life. The planned completion of the works is the end of 2026.

This two-bedroom apartment is not just about the size - it is a space in which life is easy to see. In the immediate vicinity there are shops, supermarkets, a school, a kindergarten, a pharmacy and a bus station, while the center of Pula, the business zone and the bypass are easily and quickly accessible. The sea and well-maintained beaches are only a few minutes' drive away, which makes this property ideal for living and for tourist purposes. If you are looking for an apartment that is not "just another one in a row", but a space with character and meaning - this is an opportunity worth taking a look at.
