SALE OF BUILDING LAND IN A TOP LOCATION

Fažana

399,000 €
656 €/m^2

Fažana is a beautiful small fishing village located in the southwest of Istria opposite the Brijuni National Park, and in the last few years it has become one of the top tourist destinations in Croatia, thus attracting a large number of visitors, and is also suitable for investments with a very short payback period.

There is a building plot of 608 m^2 in Fažana. It is located in a very attractive location, only 450 meters from the first well-maintained beaches, and 700m from the center of Fažana. This building plot is located along an asphalted public road, has a regular rectangular shape, a flat surface, while all necessary connections are at the entrance to the cadastral plot. The land has a neat access road of sufficient width to obtain a building permit.

The aforementioned land, due to its area, shape and irreplaceable location, represents a very interesting property for a future buyer in terms of engaging in tourism activities or a warm family home. Supporting facilities for everyday life and tourism are located nearby: shops, beaches, schools, kindergartens, promenades, post offices, parks, playgrounds, etc.
