Požega is a city located in the heart of Slavonia, in the fertile Požega Valley, surrounded by hills and vineyards. Due to its rich history and cultural heritage, it is often called the "Athens of Slavonia". Its center is adorned with baroque buildings and squares that testify to the importance that Požega has had throughout the centuries.

Right in the immediate vicinity of Požega, in a very beautiful and peaceful location, we find a semi-detached family house of 205 m2. The property consists of a common entrance area with another household, and has two separate living areas and several auxiliary rooms in the form of a storage room and a garage. The living space on two floors consists of a kitchen with

a dining area, a bathroom and a living room in the ground floor of the property, while on the first floor, which is accessed by internal stairs, there is an additional living room that can also be a spacious bedroom, a very spacious bathroom with daylight, and one bedroom. In addition to the above, the property has three spacious rooms in the form of a storage room for storing things and a garage on the ground floor, and on the first floor there is one large room that can be accessed by external stairs, and can be connected to the living space or made into a separate studio or studio apartment. In addition to the spacious living and utility space, the property also has a very nice garden with an orchard of 250 m2. The property has separate electricity and water meters, and is connected to the city sewerage, and also has a telephone connection. As can be seen in the pictures, it requires some adaptation for use, according to the wishes and capabilities of the future owner.

The property is being sold in a co-ownership ratio of 1/2, currently does not have a use permit, and it needs to be legalized and divided, with the proviso that it is very important that the other co-owner is also willing to participate in the same, and agrees to the division.

The aforementioned property is a very interesting property due to its quiet location, surface area and additional auxiliary spaces such as a storage room and garage that provide great convenience in everyday life, and offers the future owner the opportunity for a very comfortable family home or the possibility of engaging in catering by renting out part of the property in order to accelerate the return on investment.
